

ISPE Northern Chapter

Tuesday, April 20, 2021 - 11:30 am – 12:30 pm Pacific Time, 12:30 – 1:30 Mountain Time

Presenter: Chris Comstock, P.E., P.G.

Topic: Hillside Development Design Practices: A Geotechnical Perspective (1PDH)

Chris will be presenting on why structures built on hillsides or in complex geologic conditions are unique from a geotechnical standpoint and what engineers should be on the lookout for when designing in such conditions. He will discuss various approaches and best practices that should be considered both during site conceptualization and design development.
