

## Sign and Seal Engineering and Surveying Documents (1PDH)

**Date:** Thursday, February 11, 2021

**Time:** 12:30 – 1:30 MST (11:30 – 12:30 PST)

### **Presenter: Raymond J. Watkins, P.E., IBPELS Member**

Presentation and discussion on the Idaho State laws and rules associated with signing engineering and surveying documents.

The use of electronic documents is common today in the engineering and surveying profession. These documents are shared more frequently as pdf files for example than printed hard copies. What are the signatures requirements and how are they used are frequent questions asked by licensees. The existing rules will be reviewed along with their pros and cons; followed by a discussion of the IBPELS proposed revisions to law which includes a change to the definition of signatures.
