

N.S.I.S.P.L.S. & I.S.P.E.

Joint Meeting 1-28-11
Iron Horse Bar & Grill

Persons in attendance:

James Grubb	Shawn Metts
Mike Paul	Matt Gillis
Russ Honsaker	Eusebiu Clovica
Robert Hull	Seth Pommering
Rob Stratton	Robert Palus
Greg Hoffman	Eric Olson
Mike Hathaway	Mike Phillips
Gale Dahlman	Tim Lawton
John Kinney	Daniel Ramus
Bruce Coppess	Dan Mc Cracken
Jim Mans	Nels Trygstad
Dwight Makinson	Terry Harwood
Bruce Anderson	Necia Maiani
Bob Lowe	Merle Van Houten
Gary Briant	John Howe
Dirk Roeller	Robert Saxer

Mike opened meeting at 7:19 AM

In the meeting all discussed Idaho Statue 55-1613 Monument disturbed by construction activities. The three items Mike wants to cover. 1. reasonable efforts 2. what affects 3. follow up. To start with Mike read the existing law and talked of his understanding of the law.

Most all persons at the meeting had comments, some of the speakers, Mike Hathaway surveyor from private practice, Eric Olson from Engineer in private practice, Dirk Roeller surveyor from State agency, Rob Palus from city engineer side.

Some of the comments:

1. If you as a professional are aware of a violation in complying with the law, its your responsibility to write a letter to the agency, CC to professional board, engineer or surveyor in violation and request them to comply to 55-1613. If you don't you are guilty too.
2. Replacing monuments in roadways after construction, that are not accessible. John Howe read the proposed new law that allows surveyors to set witness corners.
3. Need education for all agency personnel to make them aware of the problem.
4. All public projects should have, Search public records for Monumentation as an item.
5. Larger public agencies, Surveyor are not aware of the projects that may destroy monument, not all projects go through the surveyor

Meeting over at 9:10

Respectfully submitted
Gale Dahlman
